19. md. Kutubi:

Dear Editor,

Thank you all.

A chance to write you something about the daily update news on recent earth quakes and tsunami occurred in Japan makes me proud to express my gratefulness for you valuable work concerning to all Bangladeshis staying in Japan as well as in the world.

Because I am usually too busy to visit all news papers or to watch all TV news in

JP, daily I would like to keep myself in touch to Deshbideshweb.com to know update news on sunami in JP. I think most of the Bangladeshis in JP as well as in the world do the same as me. Such update news indirectly makes us more concern with a right guidance on what we should do in that situation.

For this I am very grateful to you and your co-operatives for such dignified work. Finally, I wish our almighty creator will afford you all graceful reward for your sincere sacrifice.

With the best regards  
Md. Shahajahan Kutubi

15. Nurul Mollah:

Dear Editor,

How are you? We are fine here in Bangladesh. Actually, you are doing excellent job by your cite <http://www.deshbideshweb.com/>. It has a lot of important links. Almost everyday I go through some of its links which is very informative for me. Also I introduce your cite to many Bangladeshi peoples and our students. Most of them are happy with your cite news and links. Basically, I think recent news's regarding the unbelievable earthquake and tsunami disasters in Japan are very important for Bangladeshi who cannot reading and understanding Japanese well. It would be helpful to make the proper decision about their commitment, responsibility, activities and daily life in Japan. I think almighty ALLAH will help the victims and Japanese Government to overcome the current severe situations regarding nuclear radiation and other problems. We are proud of your activities. Please go ahead . May ALLAH help you.

Wishing your sound health and mind.

Wish you all the best.

16. Nazrul Islam:

Dear Editor,

[www.deshbideshweb.com](http://www.deshbideshweb.com) Portal

Thank you very much for your valuable endeavor and kind information at the moment of very tuff time in Japan. You did excellent role play after 11 March, 2011 a high magnitude (scale approximately 9.0) earthquake, unbelievable devastating tsunami attack and aftermath Fukushima nuclear power plant trouble in Japan.

Just two years ago when I came to Japan one of my friend suggested me this webpage for reading Bengali Newspaper. From the beginning I try to look updated news from this website. Especially after nuclear power plant accident most of the peoples are worried about radioactive radiation. Definitely I was also worried about radiation when the food and water were contaminated by radiation. Unfortunately I can't speak and read Japanese language. That's why I was facing very big trouble to get good and reliable information though NHK was very helpful for my family. Once upon a time, when the most of foreign peoples

started to leave Japan that time my family was feeling very panicky. But I was trying to read your uploaded current and analytical message. It appeared that day by day we were waiting for updated news from your website. Actually I can't explain my feelings about your outstanding effort and excellent website for Bengali native speaker.

I would like to show my debt gratitude to you. I hope that you will continue your voluntary support to Bengali native speakers in future in any cost.

Finally, I wish your good health and best wishes to you family members.

Thanking yours,

**Md. Nazrul Islam**

**12. Md. Mustafizur Rahman:**

Dear Editor

This is my pleasure to take the chance to write you something about your recent postings/ activities in your Desh-Bidesh Web Portal. Let me express my feeling in one sentence - You have won `our` heart. `Our` means Japan Probashi Bangladeshis and their relatives in Bangladesh. Every morning I used to open

this page and look for updates posted by you if any. I did not have so much time to check all news paper or TV news. But I became updated through your page everyday. Moreover, you did another good job very much carefully. You helped us raise our confidence level and take the right decision in the shaky time when we felt really confused upon restless request from our family and relatives in Bangladesh to leave Japan. Indirectly you gave us a right guidance about what to do and how should we behave when our Japanese friends are in danger. I do appreciate you and your family who sacrificed their lovely time for us. Finally, I ask Allah SWT to give you reward for your sincere effort both here and hereafter. Ameen.

Kind regards,

**Dr. Md. Mustafizur Rahman**

### 13. chandra

Dear Editor

Good afternoon.

I am Sukumar Chandra Noskor, a Bangladeshi, currently working at Shimane university, Japan as a researcher.

In fact, you are doing a great job for bangla speaking people not only for those living in Japan but all over the world.

I visit your site at least once in a day, and I listen the NHK bengali program/news at 11 pm everyday.

Then I email some of my friends and relatives who went to Bangladesh after the earthquake.

I also forwarded your site to my Jagannath Hall, DU group email who are living here and there in the world.

As I know the everyday's very busy schedule here, it is very difficult to get free time.

Please go ahead and good luck.

Sukumar C. Noskor, Ph.D

Researcher, Nanobiology Division

Shimane University, Matsue Campus

### 3. Md. Rahman:

Dear Editor in Chief:

Thanks a lot for your continuous hard working to update news about earthquake and Tsunami in Japan. Everyday I read your update news and I am so happy to read your news update.

My family everyday called me from Bangladesh and asked me how about

Earthquake and Tsunami and according your update I tell my family. If you did not make update your webpage I could not well understand about earthquake and Tsunami as I do not read Japanese.

It is the greatest help for me. I am so happy to your update.

Thanks once again.

Rahman
